

## PIF – Content Overview

### Director's Welcome Letter

### Available Services for Students

General Information about services before coming to Germany and after your arrival

### Individual Information – specially adjusted to you

#### →About your Subject

Useful information about your study subject and employment opportunities

#### →Universities

Information about the period of your study, (practical) experiences you might need, list of universities including addresses and contact persons where you can study your chosen subject

#### →Ranking

Here you can create your own university ranking!

#### →German Language Course at the Goethe-Institut

General Information about the course system, different levels and examinations as well as individual course recommendation

#### →Scholarships

Addresses of institutes that might help you to get financial support

#### →Admission Requirements

This will answer you the following questions:

Can I study in Germany with my qualifications?

What documents will I need to study my chosen subjects?

What documentation is required by the German authorities (in my home country and in Germany)?

#### →Financial Requirements

This gives you a general overview of costs for a study stay in Germany including

- the costs for preparation and general costs as for example visa application, residence permit, etc
- general costs of living in Germany
- costs for German language course (if you need one)
- costs for studying at a Public University in Germany including tuition fee and administration fee

#### → Individual suggested Time Schedule

When do I have to start my university application? How long will it take?

When should I start with my visa application?

What is the best time to book a flight?

Your individual suggested time schedule will help you to answer these questions and more! You will find an example *here!*
